Chapter 1038, www.visionriders.org

What's Happening?

Well, the spring riding season is getting off to a slow start. We did have a slight blip in the screen with the Prayer Ride but attendance was low. After delaying the ride for a week because of cold weather, we gathered in Greensburg and got off with a delayed start.

We had many welcome non-members ride along with us and the slow start was the result of one of them losing his key in the front part of his trike. There was lots of help while he had to just about take one side apart to find it. There were wrenches, screwdrivers and flashlights made available to find the elusive key.

Once the key was spotted, where else would it be but in the hardest place to get it? A metal wire coat hanger was cut to the length needed with a little hook at the end to grab the key where hands couldn't fit.

Once the key was extracted from its hiding place, the trike had to be reassembled. Once that was done, we were off!

Our first stop was for a break at the Marathon station in Lebanon. After that we headed for the church that our member, Herbie pastors. After a short message and prayer, some of our riders headed up to a hospital in Louisville to see how Melissa Marids was doing. The good news is that she didn't have to stay that long and she has been home for quite a while at the time this was written. Many prayers were answered.

The remainder of the group continued the ride with a stop at the Elkhorn Baptist Church. Instead of going inside, we had prayer in the almost-full parking lot. The church was having some Easter activities for their children and we

didn't want to disrupt them. After that, we headed home. It was nice to fellowship and ride again after the long cold winter. With this current cold stretch, I hope we can get together again soon in a warmer climate.

As you can see above, Randall (Bear) got the mileage award for February. Somebody has to ride in the cold.

That's it!

There wasn't a whole lot going on, so there is not that much to print. If you know about something that would interest the chapter, please send an email to the editor. If you have any photos, send them too. If you want to write a column or news item, don't worry about errors in spelling or grammar. That's what editors are for. Just send your work this way. Hopefully, next month's issue will have more.
